# **State Will Start Bridge Work Soon**

---

## **Spans at St. Albans and Point Pleasant Will Begin in Summer**

---

Construction of the St. Albans and Point Pleasant bridge projects by the state will be started during the coming summer.

Definite announcement of this was made yesterday by A. C. Kemble, secretary of the state bridge commission, following a meeting of the group.

At the same meeting, a form of contract was signed with the owners of the Cabin Creek toll bridge for the purchase of that span by the state.

The St. Albans bridge has been long sought by the people of that town. The state will operate both bridges on a toll plan until the construction costs are paid.
